

We are writing in response to proposal for LPFM stations to take priority of FM stations which would include K_LOVE radio (91.1 FM and 88.3 FM). We strongly urge you to not allow a listener supported radio station to be given a lower priority to the LPFM stations. K-LOVE means a lot to us and we listen to the station on a daily basis. To not be allowed to hear K-LOVE would create a huge impact in our daily lives. There are many K-LOVE listeners in our area and it would impact them as well. PLEASE CONSIDER GIVING K-LOVE PRIORITY and do not allow the LPFM stations to take away our listener supported radio station. K-LOVE serves thousands of people...please consider this.
Thank you.
